

ZAMBEZI DELTA LIONS

KARONGWE PRIDE

Pride Name	Karongwe Pride
Members	KAR-F001 & KAR-F002
Nr of Cubs	0
Pride Area	Coutada 11, Salone River
Main Prey	Warthog

DESCRIPTION

The Karongwe Pride consists of two females, KAR-F001 & KAR-F002. They have suffered a few setbacks, but still continue to thrive in the Delta. Both females are originally from Karongwe Private Game Reserve in South Africa.

KAR-F001

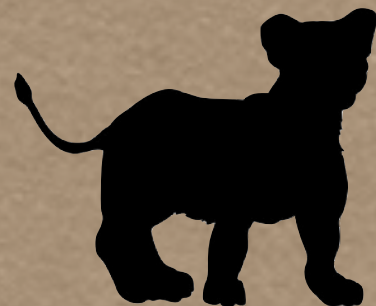

KAR-F002

REPRODUCTION

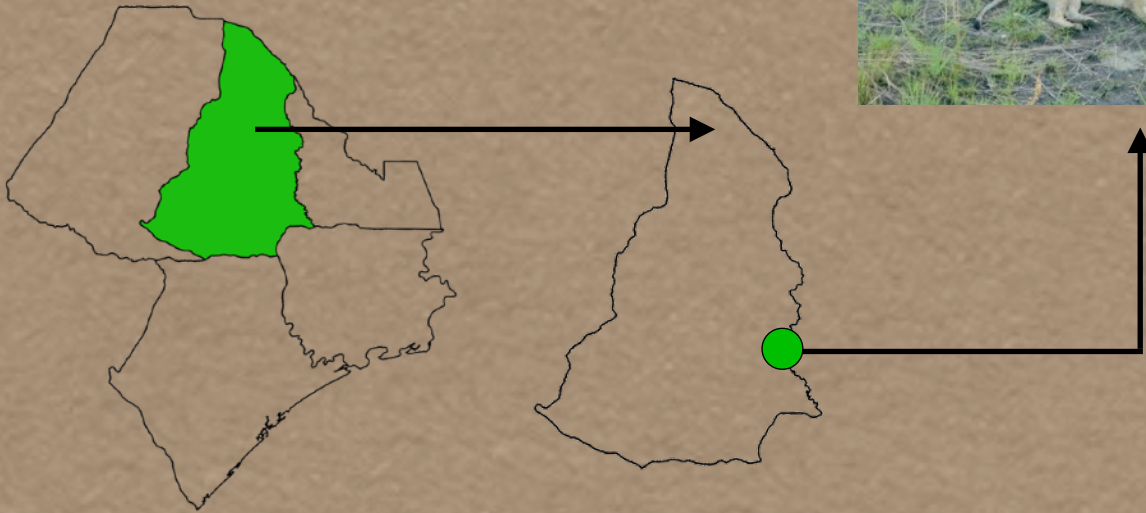

KAR-F001 had 1 cub in 2020 but lost the cub to natural causes

KAR-F002 had 2 litters (1 & 3 cubs), but lost all cubs due to natural causes

AREA

The Karongwe Pride spends the majority of their time along the Salone River, the border between Coutada 11 & 14.

HUNTING

The Karongwe Pride has hunted a variety of prey species and often utilise riverine areas or the open floodplain to hunt.

MAIN PREY

Warthog
